Goodwill Industries Amazing Story To Be Presented At Methodist Church

The public is cordially invited to attend the service Sunday night May 16 at 7:30 p. m. at Community Methodist Church featuring the Goodwill Industries and its amazing story of it's work with the handicapped people.

Ken Randolph will be the speaker. Mr. Randolph, who played for Billy Sunday and was known throughout the country over the air years ago as the Gospel Pianist, will present the story of the Goodwill Industries and give a short recital of his songs.

Presbyterian Circle Discusses Birthday Offering

Six members of Circle No. 3 of the Everglades Presbyterian Women of the Church attended the monthly meeting of the group at 8:00 p. m. on May 4. Mrs. T. W. Casselman was hostess at her home to Mrs. Harold Brough, Mrs. J. Paul Vondracek, Mrs. Lester L. Towell, Mrs. R. L. Cornell, Jr., and Mrs. David Motes.

Chairman, Mrs. Brough, conducted the business meeting and discussed the May Birthday Offering of the Women of the Church, which will go this year to the Taejon Presbyterian College and the Presbyterian Medical Center at Chunju, in Korea. The offering will be collected at a luncheon and play to be held at the home of Mrs. Sam Chinn on May 25, it was announced.

The Bible Study, from the Letter from Paul to the Ephesians, was conducted by Mrs. Vondracek. Mrs. Vondracek also had members answer a questionnaire on a "Time and Place of the Church, and script." which will be used in preparation for study groups which she is planning. Mrs. Vondracek is Chairman of Leadership and Teachers in the local Women's Organization.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read II Timothy 1:1-4

Where two or three are gathered together in my name, there am I in the midst of them—Matthew 18:20 (niv)

Through a spirit of common devotion to Christ, a husband and wife, become a united force in living their lives. Many couples have witnessed to the fact that they were able to settle their differences through the power of united prayer.

Strength gained by parents is also shared with their children. A group of college students assembled for a sunrise Thanksgiving service. They mentioned special things for which they were thankful. One boy said, "I am thankful for the opportunity of having heard my parents pray."

Later, he entered diplomatic service and told other groups of students how he had been enabled to overcome temptations encountered in his position. He had one brother who became a physician and an active churchman, and another who was a missionary in another country. In their youthful years, these brothers had shared in the family altar established by their parents.

PRAYER: Our heavenly Father, we thank Thee for the privilege of prayer. Teach us to pray when each of us is alone and when we are together as a family. Increase our faith in Thee, and grant us power to build and sustain a Christian home. Keep us in the spirit of prayer. For Jesus' sake. Amen.

THOUGHT FOR THE DAY
Christ is the center of the family that prays.

Joel Kaufman Celebrates Bar Mitzvah

JOEL CHIP KAUFMAN

Joel (Chip) Kaufman, celebrated his Bar Mitzvah (confirmation) at Temple Beth Shalom, May 2. The ceremony took place at 10:30 and afterward a luncheon was held at the Kaufman residence for relatives and close friends.

A dinner-dance, in honor of his Bar Mitzvah was held at the Royal Palm Beach Inn at 6:30 p. m. The traditional lighting of the candles enhanced the evening with each relative lighting a candle on a granite candleholder.

Out of town guests included: Mrs. Esther Kaufman, grandmother of Joel, Mr. Sam Schermer,

grandfather of Joel, Mrs. Livia Ellenbogen and son, Stuart, of Miami, Mrs. Sam Berger and son, Scott of Miami; Mr. and Mrs. Louis Schermer and daughter Candice of Forest Hills, Long Island, The Honorable Judge Ira G. Kaufman of Detroit; Mrs. Sanford Hein of Oceanide, Long Island, Mr. and Mrs. Peter Isaac of Westbury, Long Island; Mr. Gene Fowler of Haledale; Mr. and Mrs. Paul Fleischman of Sarasota; Mr. and Mrs. Chas. Striving of Detroit, Mr. and Mrs. Erskine Parks of Lehigh Acres.

Each of us must decide for himself whether he will follow the way of God or the way that leads away from Him.

We can determine to let Christ rule in our hearts by love, or we can either drift or drive heading to eternal disaster.

While the voices of the world around us clamor for us to let pride and selfishness and hatred dominate our lives, God speaks in a voice of love, calling us to become His children and walk in His Way.

"Herein is love," the Bible tells us, "that we loved God, but that He loved us and sent His Son to be the propitiation for our sins."

CRIME WOULD VANISH If the people of the world would allow the love of God to live in their hearts, how many robberies, murders, and other crimes would there be?

It is your privilege and mine to walk in God's way, each of us doing his part to make the world what it ought to be.

The Bible declares, "As many as received Him, to them gave He the power to become the sons of God—even to them that believe on His name."

CHRISTIAN SCIENCE RADIO SERIES "WHY BE AFRAID OF EXAMS?"

The future holds the secret, and it's anyone's guess! He may be a great statesman some day... or maybe a world-renowned athlete or actor... or perhaps a scientist... but most likely, just Mr. Average.

Of course, a lot will depend on his opportunities, his God-given talents, his character, and his training.

Anything could go wrong along the way—poor health, bad examples set by his parents and associates, a broken home, neglect, and false values. But why make a list? The possibilities for this child's failure in life are so numerous that it makes us shudder—and the worst of it, we can guarantee him nothing. But we can give him hope and faith.

Standing ready and anxious to help him is the Church and the precepts which it teaches. It is our duty and our privilege to help spread the spiritual principles of Christian living in practice as well as in word so that the youth of our nation will find some meaning to the path of life which so strangely twists and turns toward some hoped-for goal.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four essential reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Schools - Text Books - Atlantic U. Recreation-Exp Station -Extra Session

By Emmett Roberts
Rep. - PL County

With only slightly over two weeks left of the regular legislative session, the legislators increased the time to be spent in session to consider all bills on the calendar. The rules committee this week began setting a special order calendar. Briefly this means only those bills of special importance will be considered and it will be extremely difficult to introduce and pass legislation at this late date.

The bulk of Palm Beach County's local legislation has been introduced with only a few days remaining. We hope to have all of our bills introduced by the middle of next week.

As I pointed out in the past week, Mr. Landrum of the outdoor recreation planning committee will be in Belle Glade along with Mr. Stretch of the

Central and Southern Florida Flood Control District to meet with the Chamber of Commerce Recreation Committee to consider assisting in developing of Torrey and Kramer Islands. I am most hopeful that some definite progress will come out of this meeting.

The Appropriations Bill which was worked out in conference this past week by the House and Senate Conference committee is a better bill than previously passed by the house committee, particularly in replacing the full amount for text books will be most helpful to our schools.

I would prefer to have secured additional monies for Florida Atlantic University; however, their enrollment must be increased substantially before they can get additional funds.

I am hopeful that additional funds voted the extension division will provide extra assistance for our experiment sta-

tions. I joined with other agricultural area representatives in requesting this funds.

At this writing I am unable to report the outcome of House Bill 938, a bill introduced to provide more funds to be returned to help our county school boards. A joint hearing before the House and Senate's Public School Committees was held Wednesday evening in the House Chambers. I hope that we can return additional sales tax monies to our counties.

Plans are being made already for the special session on re-appropriation which will be called upon completion of the regular session. The urban areas are most hopeful that we can accomplish fair apportionment.

ers to remain their allotted time. Farmers of the Glades filed suit in Federal Court asking for a restraining order against the immediate return of these off-shore laborers whose government and families benefit, and who bring security of employment to our domestic for each of themselves remaining here. This is not to consider the economic welfare of the farmer who has his money in the growing crop. Judge George C. Young requested the hearing on Thursday, this morning, with the expressed hope that Thursday will see the end of the testimony to

be followed by his decision on making the temporary injunction permanent one.

The Judge's decision will not only cover the off-shore laborers, but will indicate the level of helplessness of the average American to resist autocratic rules, regulations and specifications of underlings of the Great Society and the much publicized Poverty Program.

"It Can't Happen to Us" — just repeat that and see how much truth there is in it.

Illegal Truckers Cited

Florida Public Utilities Commission investigators continued an unrelenting campaign to wipe out illegal trucking operations in the State on March, charging 177 truckers with violation of state transportation laws.

The arrests included 107 for failure to have proper authority from the State to haul cargoes found in their vehicles, Chairman Edwin L. Mason said today.

Thirty-seven of the "no authority" cases were made against truckers hauling products that are exempt from interstate regulation, but which require registration with the Florida Commission in order to be transported in this State, Mason said.

Others charged with illegal operations were towing or hauling house trailers, hauling building materials, construction aggregates, household goods, passengers and a variety of a dozen other types of cargoes.

The truckers posted a total of \$15,965 in counties where arrests were made, bringing the total bonds posted in the first three months of this year to \$94,765.

The Utilities Commission's investigators charged 47 drivers with improper identification, & 23 with violation of state safety rules.

"So far this year, our investigators have ordered 244 vehicles off the highways," Mason declared, "because they were considered imminently hazardous — accidents on their way to a place to happen."

Praise From One Who Knows!

Mr. Clarence E. Ridley, Executive Director of the City Managers' Association for more than 28 years is now retired and living in Florida, has sent to the Herald a letter of commendation for the Annual Report issued by the City of Belle Glade printed by THE HERALD — the first for the City.

"Thanks for sending the nice copy of your excellent Annual Report. It is one of the best I have seen in a long time — it is brief, well illustrated, trim and midcast in cost and that is all a report needs."

"Thanks for the brochure of the Chamber of Commerce. I am convinced that I should return to see more of the area, and I hope you may be there."

Mr. Ridley's opinion of anything connected with the job of City Manager is most highly valued by those of us who have had the privilege of working with him over the years," says City Manager Twis Huguley.

"Of the many compliments by phone, in person and by letter I value this one highly," continued the Manager.

Washington Report

By Sen. Spessard Holland

WHITE HOUSE
EMERGENCY SESSION

Together with other members of the Senate Appropriations Committee, as well as the members of the Armed Services and Foreign Relations Committees and the similar House groups, I attended the President's emergency meeting at the White House last Tuesday morning.

We were briefed on the Viet Nam situation and the Dominican Republic crisis, and President Johnson told us that later in the day he would send to Congress a request for an additional \$700 million appropriation to meet mounting military requirements in Southeast Asia.

His formal message reached the Senate shortly after we convened the same day.

On the following day Defense Secretary McNamara and General Wheeler, the Chairman of the Joint Chiefs of Staff, supported the need for these funds in testimony before our Appropriations Committee. We approved the appropriations bill and it was passed Thursday. It was clear that the \$5,000 Americans serving in uniform in South Viet Nam and thousands of others about to arrive, and the many civilians we have sent there are all confronted with grave danger, and that they are entitled to our complete support.

THE DOMINICAN CRISIS
On the Senate Floor Wednesday afternoon I suggested that the Dominican crisis is the acid test of the usefulness of the Organization of American States and that the OAS could gain badly-needed status by supplying armed troops to establish an inter-American peace-keeping command so as to clearly

show that Latin America stands with our country in this matter. The following day the OAS membership took this action by a vote of 14 to 5, with Venezuela abstaining.

I also suggested that it would be practical and helpful, in the event of establishment of a consultative or advisory group, for the United States to name former Puerto Rican Governor Munoz Marin and, perhaps, other Puerto Ricans who have had successful public service to serve for us.

VOTING RIGHTS
Debate on the so-called voting rights bill has been in progress for the past fortnight and constitutional-minded members of both Parties are continuing efforts to eliminate many sections of the bill which are obvious violations of the provisions of our federal Constitution.

I spoke against the legislation yesterday with specific reference to its provisions for arbitrarily destroying the rights of the individual states to establish their own qualifications for voting for state and local officials. If the poll tax requirement now in effect in four states can be abolished by a federal statute, rather than by a constitutional amendment such as my 24th Amendment, we will have established a highly-dangerous precedent paving the way for ultimate federal takeover of many or all of the rights guaranteed to a state by its federal Constitution.

The first vote was held late Thursday on an amendment by Senator Ervin (N. C.) which would have required court actions rather than displacing the courts, as provided by the bill, through findings by the Attorney General in his sole discretion.

When the bill was brought to a vote, it was defeated by a margin of 54 to 46.

final, which findings are made final and not subject to a court review. I regret to report that we lost this fight by the heavy vote of 64 to 25.

The only encouraging note is that the two leaders, Senators Mansfield and Dirksen, have now offered a substitute bill which would eliminate the statutory repeal of poll taxes in the four states, though continuing the other harsh features.

NEW LEGISLATION

I have joined with Senator Judd (R. I.) and others in co-sponsorship of Senate Resolution 102 which disapproves the President's proposed Reorganization Plan No. 1 for the Treasury Department's Bureau of Customs. This plan would be damaging to our state in a variety of ways, including risk to our fruit industries, since the plan proposes to do only spot inspection at our ports and airports to replace the complete quarantine inspection now required which frequently intercepts fruit flies and other pests and diseases.

OFF-SHORE FARM LABOR DENIED

I deeply regret that our plea to Labor Secretary Wirtz to extend the certification of several hundred sorely-needed off-shore workers to finish harvesting the celery and sweet corn crops in the Glades area has been denied. Congressman Paul Rogers and I have been in frequent communication with Secretary Wirtz and members of his staff in recent days, and also with White House officials on the matter. We finally prevailed upon Secretary Wirtz to again send one of his representatives to Florida on a fact-finding tour of the area concerned. Despite the critical situation, however, the Secretary obviously is determined to ignore the abundant

evidence available to show this need for supplemental off-shore workers. Immediately following rejection of our appeal, Glades growers advised that they will file suit to block repatriation of the off-shore workers presently on the job.

Deer Ranch Offers Low Admission To Cubs And Brownie Scout Troops

Florida Cub and Brownie Scouts will have an excellent opportunity to become better acquainted with wildlife during the month of May at Tommy Bartlett's International Deer Ranch at Silver Springs.

The month long program, designed to familiarize neophyte Scouts with many phases of woods lore, will feature periodic lectures on deer and other wild animals by well known conservation lecturers and is being sponsored in cooperation with the North Florida Scout Council.

Cub and Brownie troops, accompanied by leaders if in groups or individuals accompanied by a parent, will be honored at the Deer Ranch at a vastly reduced admission to cover handling and tax charges only.

Among lecturers who will be on hand during weekend days will be John Hamlet, internationally famous wildlife expert and naturalist. On other days regular Deer Ranch guides will be on hand.

The Cubs and Brownies will have the opportunity to hand feed and observe over 200 deer and other animals and see at close hand over 30 varieties of deer from throughout the world. The program is part of the continuing effort by Silver Springs to acquaint Scout and

school groups with the great heritage of the out-of-doors and conservation of the wilderness and its inhabitants.

Fla. Farm Demonstrates Mechanization

What is believed to be the first Farm Progress Show to be staged in Florida is being planned by the Kiwanis agricultural committee of Marianna.

It will take place August 12 on a farm operated by Hal Fleming and his son, Fred, about 10 miles north of Marianna near the borders of Alabama & Ga. An attendance of several thousand is expected.

According to Hal, chairman of the Kiwanis committee, about \$1 million worth of the newest labor-saving farm machinery and equipment will be shown, much of it to be demonstrated under field conditions. Many of the machines he says, are not yet in general use in Northwest Florida.

The Flemings, father and son, are firm believers in the worth of modern machines and equipment. They've got about \$60,000

Allow Business Same Privilege

The other day we received a mat five columns wide and 12 inches deep, evidently one of the first salvos in the War on Poverty, which we were asked to run free of charge for the Government.

So did more than 12,000 other editors throughout the country. One paper we have seen ran the mat, big as it was; a few other editors ran the copy as a part of their editorial columns. But, we're doing neither with the exception of these matings.

The mat has a big heading: "BE SOMEBODY," then tells about the opportunities for young people 16 to 21 years of age, out of school, who can't find jobs and can't serve in the armed forces, in joining the Job Corps.

In the Job Corps, the youths are told, they'll associate with other young people their age, eat good food, learn a trade. BEST OF ALL, they get \$50 a month while learning.

Now, this is a wonderful opportunity! The U. S. Government is spending millions of dollars on the program. The newspapers were asked to contribute with this first advertisement, about \$600,000 worth of space, and the Government spent maybe \$20,000 on the mat, mailing, etc.

Why do we question it?
We will very gladly take youths 16 to 21 years of age and teach them a trade if we can get by with paying them \$50 a month, plus room and board. In fact, years ago, our printing plant and others like it throughout the country did just that. And this same thing happened in virtually every trade.

But now we can no longer do that. We must pay minimum wages, offer all-inclusive hospitalization and medical insurance plans, provide vacation benefits, etc., etc., regardless of experience, desire, and loyalty.

Youths, who do not have financial resources, can no longer go out on their own and learn a trade because no employer can hire them except at great financial loss to the company while the youths are learning. They must go, instead, to a trade school, and if they don't have money for tuition they can't go there.

We don't know what procedure the Government plans to follow with its Job Corps. Perhaps they will subsidize some of the schools to teach trades. That will mean more millions.

If we really want to War on Poverty, we can do it by allowing business to have the same privileges the Government is taking in this instance. If an in-shop apprentice training were allowed at reasonable salary rates, a lot of youths today walking the streets could be gainfully learning a trade. And they'd do it at no expense to the taxpayer.

However, such a program is too simple. There are no bureaucrats mixed up in it!

Perhaps our President will want to ask Mr. Meany and Mr. Reuther and the other fat-cats of the AFL-CIO command post if he may have a special dispensation to do something sensible like this for our country and the young people who are caught in a bind?

Uncle Dan Says:

Dear Doodie Editor:
Ed Doodie reported to the fellers at the country store Saturday night that he ain't heard nothing yet from Washington about our request for the Government to make a study on which side of the hog produces the best eating ham. But Ed was optimistic, said he had saw in his latest pamphlet from the Department of Agriculture where they were appropriating \$30,000 for a study on the breeding of tree shrews and \$70,000 for a study on the population habits of the Australian ant.

Zeke Grubb said he didn't know what a tree shrew was and couldn't pass no judgement on this item but he was high in favor of that \$70,000 on ants. He allowed as how, if they was anything this country needed right now, it was to know all about the population habits of the Australian ant.

Clew Webster was disagreed with Zeke, said he didn't have nothing to say about the Australian ant, but he did have something to say about the Department of Agriculture to appropriate \$100,000 to make a study on why a chicken crosses the road and why they ain't done nothing about it yet. He was of the opinion a study on this matter would be a big help to the poultry industry. About half his chickens, he reported, gets killed ever year crossing the road. Furthermore, he complained, if they don't slow traffic down in front of his place, the other half was going to get killed coming back home.

Bug Hoskum announced he was again this whole "study" business, from Australian ants to Plymouth Rock chickens and from horned toads to de-horned bulls. He said people had gone crazy on this subject. For instance, he reported, he had saw where some companies that makes office chairs had got together and was spending \$20,000 for "seat engineers" to make a study on the porch, rock with the best setting position for folks working in offices. According to

Can Congress In Good Conscience Repeat The Workers' Right To Work?

The American People Say No

SECTION 14 (b) of the Taft-Hartley Act reaffirmed the right of individual states to enact laws that prohibit compulsory union membership.

Many union officials have fought to deprive the worker of this precious right. They claim it takes too much of their time, effort and money to recruit members who otherwise could be blanketed into union with or without their consent.

Soon Congress will be asked to decide whether or not this is right... this basic choice to join or not to join a union, is to be taken away from the individual.

To determine how the American People would want their representatives in Congress to act on 14 (b) legislation, the Opinion Research Corporation of Princeton, New Jersey, one of America's most respected and trusted names in research, was commissioned to conduct a study of the attitudes of the American adult public on this question.

Its findings are clear and the meaning of these findings are implicit. America wants to keep its right of free choice... No ifs, ands or buts!

When asked specifically about Section 14 (b) of the Taft-Hartley Act, by a better than two-to-one margin the public says "do not repeal 14 (b)".

Nearly two thirds of the adult public favor a national law making all union membership voluntary.

In fact, only four in ten union family members nationwide favor a law requiring workers to join a union in order to hold a job.

Among college educated adults, more than seven out of ten favor a national law making all union membership voluntary and by a vote of six to two, college educated adults want to retain Section 14 (b).

Every American is supposed to have the right under the Constitution to freedom of expression, freedom of thought, and freedom of association. The Government has shown much concern for protection of these CIVIL RIGHTS of individuals and minority groups.

It's A Matter Of Opinion—

Wirtz' Dept. Of Labor "Fall Guy" For Greasy Society-Poverty Salve

"There's nothing so bad but that some good will come of it" is an inherited preachment of Mr. Wirtz' henchmen will be given more than \$42 million to administer the Greasy Society-Poverty programs.

They propose to spend \$9 million in training costs; \$18,054 million for instructional expense in order to give the boys \$14 in living expense and employers to donate \$12 million. \$28 million to enable \$28 million for direct benefit. The government spends \$42 million with the "bee put on" employers for \$12 million.

SOME benefit will accrue to the "fortunates" — the up-roar of Washington's give-away to "fortunates" who thumb their noses at us, demands SOME salve for the taxpayers.

Mr. Lanier S. Dasher, Room 202 appears to be the official give-away agent in Tallahassee; Mr. Bill Allgood of the Labor Department's Atlanta office offers further suggestions for a livable adjustment to the government's appendage to it's financial under; if you're interested.

POGO STICK TRICK

News Note: Proposed legislation would give cabinet status to Housing and Home Finance Agency and set up direct federal-local operation.

HOUSING CABINET POST UNNECESSARY

With the ever-increasing volume of federal programs for urban areas, the suburbs, towns and rural communities have real cause for concern.

The Legislative proposal to elevate the Federal Housing and Home Finance Agency to a department of the Executive branch, with its own secretary of cabinet rank, would tend to establish direct federal-local operations.

This new department would recommend policies concerning urban development, be responsible for federal participation in metropolitan thinking and planning and would work in cooperation with other federal agencies including those responsible for providing education, health and social services.

It is our conviction that states, cities and towns are better able to cope with local problems than the federal government. However, this new department inevitably would encourage city officials to go directly to Washington to seek a solution of their immediate problems, thus by-passing the state governments.

State officials, working closer to the scene, are in a much better position to evaluate each program with respect of the city itself; its potential effect on its neighboring communities, or the state at-large.

There is a danger that joint federal-local action on the other hand, could result in the approval of projects which could detrimentally affect the future progress of the surrounding countryside. We firmly believe that in the best interest of the entire nation the creation of the proposed cabinet department should be rejected.

Lane Thomas Creech, who may be seen working logic his favorite subject, was born in West Palm Beach, Florida on April 10, 1947. While driving around in his Renault, Lane enjoys singing "Dear Heart," but he is more apt to be heard saying "fate it," Lane, who is 5' 11 1/2" tall, has greenish brown eyes, and brown hair, would just love to own a Jaguar XKX. Being a treasurer of Junior Civitan, a member of the Junior Red Cross and Para Medics keeps Lane busy, but he still has time for golf, his favorite sport. He declares that his pet peeve in test that are given in Palm Beach the day after the Prom. After graduation his plans are to go into Dentistry and then live on the 18th hole of the Peddie Beach Country Club in California.

Elizabeth Susanna Wierengo, who is called Susie by many of her friends, if the female of the Senior-Hi-Lites, Susie spends her past time listening to records, talking on the phone, or just riding around (Pahokee) with Sandra Rhymes. The 5' 7" brown eyed, brown hair girl is often seen driving her new white Convair Monza and singing her favorite tune, "Just Ask the Lonely." Susie was born in Pahokee, Florida on March 8, 1947 and has two younger sisters. Being Vice-President of Beta Club, a member of Glee Club and Student Council keeps Susie in a tizzy from day to day. After graduation, Susie will attend Young Harris College for two years and then transfer to a larger school.

Library Mascot

The brown German Shepard puppy that was seen around school last week found its way into the library. Excitedly entered the room found himself trying to coax the dog to leave. But despite of efforts the dog still remained. It seemed that the Library Club was going to have a mascot whether they liked it or not.

Finally, though, Mrs. Dorothy Jones persuaded two boys (unidentified) to carry the dog out of the library.

The library is now back in its usual routine without a mascot.

BOOK OF THE WEEK

The Grapes of Wrath by John Steinbeck's

When John Steinbeck's The Grapes of Wrath first appeared in 1939, it electrified an America still convalescing from the depression. Particulating in the story of the Joad family, the novel is not only a powerful dramatization of the forced migration of the "Okies" from their bank-forsworn fields and farms, it is a dramatization of the plight of the displaced everywhere. Written out of passionate conviction by a master storyteller, The Grapes of Wrath is both a great social document of an era and a milestone in American fiction. Those who have read it before will find a new impact in the re-reading of it, and those of a later generation who come to it for the first time will have the shock of a major literary discovery.

BOOKWORM OF THE WEEK

This week's bookworm is Alice Robertson, a Junior.

THURSDAY IN THE WEEK — For this time I read an excellent book, it is to me just as if I had gained a new friend. When I read over a book I have person before it, it resembles the meeting with an old friend.

Paula Suppadd ... Mike Shiver, I'm sure.

Julie Burnette ... I really don't know. I can't think of anyone who looks like that.

Irene Ashley ... You should've asked me. I'm scared to say anything. Freckles and Curly hair? Forget it!!!!

Connie Bacon ... Is it a senior? Does he have blue eyes? Does he have curly hair, still? Who is he? I don't know who he is.

Ronny Lee ... Mike Shiver, Ha! Ha! I didn't mean to guess it so easily. Ha! Ha! Ha

In case any of you are still in the dark about this brown haired, blue-eyed member of the Junior class, IT IS MIKE SHIVER!!!

Graduation Day

There's a time for joy, A time for tears, A time to treasure All the years.

The time for joy— Ah! Seniors at last! Twelve years of study Now in our past.

The time for tears— Graduation Day— We get our diplomas And part separate ways.

The time to treasure Will come too fast— We'll live in the Present And remember the Past.

All these times of Joys, Treasures, and Tears, Will be the Memory Of our high school years.

Student Council Campaign Underway

All over the campus this week candidates for Student Council offices have been busy making campaign speeches and hanging up posters. There are in all eight Juniors seeking the offices of President, Vice-President, Secretary and Treasurer.

Last Thursday morning all who wished to run for an office met with this year's student officials for further information. They were asked to have petitions signed by 50 students excluding Seniors by Monday. The only other Juniors could run for Pre and Vice President and either Juniors or Sophomores could run for Sec and Treasurer.

All candidates pulled straw to see to which party, Seminole or Gators, they were on.

The following are seeking nomination to these offices:

President — Seminole, Jimmy Jackson; Gator, Gary Walker.

Vice-President — Seminole, Mary Kate Ponder; Gator, Ivan Wilk.

Secretary — Seminole, Jane Wierengo; Gator, Jill Chapman.

Treasurer — Seminole, Janice White; Gator, Larry White.

Tomorrow morning the candidates will give their campaign speeches. They will tell why they think they are qualified for office and what they plan to do next year if they are elected. After this Larry Bowen, President of this Student Council, will announce where and at what time the students will vote.

Warning!

WARNING! WARNING! All parents, friends, and relatives of 1945 Belle Glade High School Seniors beware. The graduation invitations have arrived.

The invitations which ranged in price from \$7.90 to \$29.55 were purchased by all Seniors.

Ram Band Attends State Contest

The band attended state contest last Thursday, Friday, and Saturday, May 6, 7 and 8, in Miami.

They departed at 12:30 p. m. and arrived at the Biscayne Terrace at approximately 3:30. The time was free until Friday morning when they performed their concert. They received an excellent in sight reading and a good in concert.

The other activities until they left to come home Saturday afternoon was to see the "Sound of Music" Friday night and a beach party Saturday morning.

Lost Forever

Time is a steady and continuous master. From the beginning of creation, to the present day, and in the future, time has always and will remain a silent witness. Through countless ages it has continued in its steady and impartial speed. Time cannot be speeded up in youth's favor, nor can it be slowed down in the pace with the aged. "No man can tether time or tide."

Time is priceless — it is more valuable than the rarest gem. Yet, it is the most common of all things — it belongs to the rich and poor, and to the young and old. Many misuse it, throw it away, and waste it. Time is the most precious element of mankind, and it can neither be brought nor sold.

Perhaps the most beautiful and most meaningful summary of time can be found in this LOST AD:

LOST: Somewhere between sunrise and sunset — one golden hour set with sixty diamond minutes. No reward offered — they are lost forever.

How many golden hours have you lost today? How many diamond minutes have slipped by? Lost? Yes, they are lost in the past, but the future still lies ahead. Don't waste its precious time.

Track Season Ends

The State Track and Field Meet at Florida Field in Gainesville last Saturday put the final touches on this year's track season. The Golden Ram vine-climber qualifying were quarter miler George McDonald, Miller Jackie Poole, and the mile relay team of Steve Halbrook, Ronnie Ral-liff, George McDonald and Tommy Woods.

As a team, the Rams did well this year, winning 4 meets and placing second twice in regular season action.

Next year's team promises to be one of the strongest in the Glades area, since only Dog Wilkison, Mark Bush, and Steve Halbrook will be lost due to graduation.

Dogs, Books, Water, Sewage, Fires Crooks And Traffic Violators

Your City government experienced thirteen fires out of 16 alarms during April; arrested 302 folks and fingerprinted 256, classified, filed and forwarded them to the FBI, with a daily average of 16 as "guests" in its Hotel de Ville;

Twenty-five traffic accidents happened in the City with one reckless driver and one speeder; the Animal Warden picked up 20 dogs and sent 15 to West Palm.

The Parks department plastered ceilings and side walls, repaired roofs, hauled mulch, painted and did some trimming and moved some vacant lots. Despite the loss of the club-rooms the golf course watered its greens and had four women's matches.

The boys at the water department pumped 51.6 million gallons of water, and installed some fire plugs, repaired and installed meters; there were 91 turn-ons and 68 cut-offs, and laid some 6" and 12" mains.

The street department's sweepers travelled 420 miles, did some street patching and picked up 67 yards of debris — they did a lot of other normal duties, including 25 hours of street work, trying to keep dust down.

The sewage plant had 18.9 million gallons pass thru with 38 and 99 percent ratings in removing solids, even though they had a gas crew of transient numbers and operate on a low budget, compared to other Florida cities of like size.

Jerry Nehls Named New 4-H President

New officers were elected for the coming year at the last meeting of Belle Glade 4-H Golden Bunch held Monday night.

Jerry Nehls was installed president; Jeff Hooker, vice-president; Eddie Haines, secretary-treasurer; Randy Pears, reporter; Helen Fullenwider, song leader; Jimmy Baker, co-delegate.

Assistant County Agent Raleigh Griffiths was the speaker for the evening, talking to the group on poultry.

Drew Payne is reporter for the 4-H group.

The Library received 49 new books and had 1,532 patrons read 1,310 books and periodicals divided about half and half between juveniles and adults.

Quite a complex list of activities, even though 10 new homes given permit totalled only \$17,847, with one apartment building permitted for \$18,000 and one business expected to cost \$40,000.

A million dollar annual business touching everybody who lives in the City and a lot of outsiders.

B. G. Elementary Schools Report—

MRS. SMITH'S 1st Grade

The boys and girls in Mrs. Gloria Smith's room finished writing the story of the Gingerbread Boy. They made the story into a booklet and Friday when they had finished reading the booklet, there were real gingerbread boys and cookies for each child.

We had fun getting our Mother's Day surprises ready for mother.

MRS. RUFF'S 3rd Grade

The boys and girls of Mrs. Ruff's class presented the play "Cinderella." Members of the cast and the characters they portrayed were: Cinderella, Linda Baker; Stepmother, Ida Buono; Stepsisters, Connie Morris and Cindy Corbin; Fairy Godmother, Elaine Wedgworth; King, Mitch Crawford; Queen, Sharon Hart; Prince, Tom Zigar; Dancers, Carl Gilliam, Diane Wedgworth, Connie Morris, Ida Buono, Susan Boyd, Karla Waggoner, Richard Jones, Jose Guerrero, Jay Harville, Sonny Stein, Bert O'Berry and Dennis Kinlaw. Announcer was Joe Guerrero.

MRS. BATTLE'S 4th Grade

The Hummingbird's nest is very small. It is only one inch across. Although the nest is small, one or two eggs can lay in it. The nest is only about the size of a nut. The hummingbird carries pollen from flower to flower like the bee does. Only the hummingbird goes up into its nest.

The Blue Bird is not as small as the Hummingbird, but is pretty small. It is blue with some orange on it. The Blue Bird lives in birdhouses. Some birdhouses are made out of wood and some are not.

The Coot is black, duck-like with small head, white bills and lobed feet. They are closely related to the Gallinule. They are commonly seen swimming and feeding in shallow waters in winter. The Coots make their nests on ponds. They can lay eggs from 6 to 10. They make their nests out of tall grass, mud and roots. Sometimes they use crab grass.

The Mockingbird is slender, gray, with white wing and tail patches, and is the sweet singer of the south. He is 10 inches long and is seen around homes.

Vegetable Growers Annual Field Day At Bradenton, Fla.

The 25th Annual Vegetable Growers' Field Day will be held at Bradenton May 19 and will feature 11 vegetable crops experts.

According to Dr. Ernest L. Science, State Commissioner of the Experiment Station, the program this year will be held in the Bradenton River location at the intersection of Morgan Johnson Road and State Road 70.

The Field Day will get under way at 10 a. m. with W. Harper Kendrick, Manatee County Agricultural Agent giving an introduction.

A tour of the experiment field plots will follow after the program.

IN SERVICE

ANGELES, Philippines — Airman Second Class Thomas J. Wanek, son of Mr. and Mrs. Harlan A. Schieche of 1199 Laurel Ave., St. Paul, Minn., has arrived for duty at Clark AB, Philippines.

Airman Wanek, a radio equipment repairman, previously served at McChord AFB, Wash. His new unit is part of the Air Force Communications Service which maintains communication for control of global Air Force operations.

The avian attended Central High School. His wife, Hilda, is the daughter of Mr. and Mrs. Dewey Hughes of Belle Glade, Fla.

Blinded Veterans May Get Housing

M. T. Dixon of the Florida Department of Veterans Affairs announced today that the Veterans Administration now has liberalized criteria expanding eligibility for specially adapted housing for certain blinded veterans as a result of Public Law 88-401.

The law expands the specially adapted housing program for eligible veterans should get certain service connected blinded and paraplegic veterans to include as eligible those permanently and totally disabled.

Dixon suggests that potential eligible veterans should get in touch with their local Veterans County Service Office, or write to him at P. O. Box 1429, St. Petersburg.

The Mockingbird is our state bird.

He lives on cherries, insects, and bread. The reason why we call him the Mockingbird is because he mocks other birds and animals.

MR. WILLIS'S 5th Grade

Wednesday, May 5, Mr. Willis' fifth grade went to the Science Museum and Planetarium in Palm Beach. We learned about the stars and planets. After visiting the Planetarium, we went to the zoo. Later, we went to the picnic grounds and ate our lunch. After lunch, we came home.

Mrs. LeBonn Williams, Mr. E. M. Willis, Mrs. Sam Crissman, Mrs. Edward Motes and Rev. Sidney McLeod drove cars for transportation.

P. S. Everyone has a good time.

Mr. Mann's 8th Grade Mr. Mann's room is studying China. We have learned a few symbols in the writing, such as symbols for the numbers 5, 4, 3, 2, and 1. Also, the symbol for mountain or shan.

We are getting ready for the exams on all subjects for the end of the year.

MR. DAVIDSON'S 8th Grade

Last week we had our class elections. Michael Jones, President; Jon Winchester, Vice-President; Earl Ballard, Secretary, turned their offices over to Randy Davis, Jerry Collins and Mary Tent.

This week, we are studying present times in Southeast Asia.

**LET THE
SYMBOL OF FREEDOM
WAVE FROM YOUR HOME**

Everyone should Fly the American Flag

Let "Old Glory" Wave from Freedom—Right at Your Door

There is nothing like the sight of our glorious Stars and Stripes rippling in the breeze, to stir the heart and spirit of any true American... red for courage... white for purity... blue for truth. Each star representing the sovereignty of each of our 50 United States. These are the qualities of a great nation, represented by our noble Flag, which every American citizen should be proud to fly as a symbol of our freedom.

EVERY HOME AND BUSINESS CAN FLY THE AMERICAN FLAG!

To encourage the display of the American Flag on every national holiday and patriotic occasion, we offer, as a public service, the following American Flag Kits:

- LATEST, 3 1/2" HIGH QUALITY THOR BUNTING 5-STAR AMERICAN FLAG (Made in the U.S.A. from American products, by Americans, for Americans, in the very heart of America)—high quality, washable, colorfast with double-stitched stripes
- 5' jointed hardwood staff with ball-top decoration
- Halyard
- Easy-to-install heavy metal socket with screws for permanent mounting
- Mounting instructions

Wake Up America - Watch Communism!

By Gustavo De Los Rios
From his own brutal experience as a political prisoner, a Cuban escapee asks: How much longer can the free world ignore this infamy? (Read "Imprisoned by Castro" in May 1985 issue of The Reader's Digest).

(Last Of Three Parts)
About 8 o'clock on execution night one first heard the rumbling of cars coming into the scabbled passages inside the fort. Then came the chilling sound of women's and children's voices. All of a sudden floodlights illuminated the demonic scene we were about to witness. The voices became louder as more people arrived, and one could hear the communist spectators on the roof laughing, jeering, and cursing the doomed man. Every five minutes another man was lashed to the post, and his voice was clearly heard, ringing above the clamor of the mob. "Long live Christ; down with communism!" The barbarians then made jokes and laughed at the way the man died, for sometimes it took too long to die, and that way they tried to rob a hero's death of dignity and meaning. After the orgy of blood is over, silence descends upon the gloomy walls of the castle, and darkness brings to the souls of prisoners another endless night of terror and despair.

La Cabana is one of the main human slaughter houses of communism in the world today. The men who save themselves from the shooting squad are sent to the Isle of Pines, there to suffer a brainwashing process or a slow death by forced labor and a diet of starvation. I lived four years of my life on that particular island, and with the help of God I was able to survive and resist their brainwashing techniques. The western world knows very little about what a brainwashing process really is. Its object is not, as you may think, to make a communist out of you, for the communists form a very closed aristocracy and don't want more people to join their privileged ranks. The purpose of brainwashing is to convert man into a human beast by the annihilation of his free will. An ally manipulated by the ruling class for the sole purpose of increasing production as cheaply as possible in the service of the state.

POOR HERBIE! WHAT A BAD START FOR THAT VACATION. May be Herb forgot too. What about that trip accident policy, or that scorching goods insurance, not to mention those cameras. Many people forget and regret. The cost is very small and \$2250 of mind is so valuable. Going on a vacation. Call us!

It Mao Tse Tung used to say that political power grows out of the barrel of a gun. In spite of all this, there are good-intentioned people everywhere who believe that the only trouble with communism is its atheism, that communism is not bad in itself; that communism could be accepted if it were a Christian sort of communism. But you have seen how communism, being contrary to human nature, has to be imposed by force, and something that has to be imposed with such cruelty is in contradiction with the moral principles of our Judeo-Christian religion.

Communism is evil in itself because the instincts placed by God upon the human will can be regulated by the laws of God and man, but never suppressed. The instinct to own property is as natural to man as the instinct of preservation or the instinct of reproduction.

Communists are now trying

to win Christian cooperation by pointing out that the commune was the basis of early Christian life; but they keep from Christians the fact that the individual in a communist state necessarily is of second importance with regard to the state.

I admire the man or woman who voluntarily deprives himself of his moral impulses and chooses a communal way of life within a religious institution in order to employ his time and unused energies in the service of mankind, but what folly it would be to impose that way of life upon humanity as a whole. I don't refer to those to whom communism is appealing because they seem to thrive only upon human suffering. I refer to those sincere Christians who believe in communism as a solution to all the present evils of society — the "useful fools" — as Lenin termed them. No wonder St. Paul, when addressing the Corinthians, said that "God

the verge of losing all traits of patriotism, and we are paralyzed with fear and indecision. As a sort of creeping neurosis, a false sense of guilt assails every American in their dealings with other nations. The only thing the Nussers and the Sukarnos have to do to get a few million American dollars is to previously send us a few insults. I have lived in a communist

country long enough to observe how Russian and Chinese experts in close cooperation are psychologically preparing the masses of the world for the final assault upon the United States. I have seen the entrails of the monster, and I can assure you that if we want to save ourselves and what is left of the free world, we must recuperate soon our ability for indignation and revive what is left of our sense of national honor. The only thing that kept us alive in prison was exactly that and our readiness to die for it, for men as well as nations are based upon spiritual values that are far more important than life itself.

Hospital Auxiliary Meeting Held At Church Social Hall

A meeting of the Glades General Hospital Auxiliary was held at the Methodist Church Social Hall, Tuesday, May 11, at 1:30 p. m. Mrs. J. Allen Baker presided over the meeting, and Mrs. Kathryn Price gave an informative report on rules and regulations of Pink Ladies, which she acquired from the Baptist Hospital in Miami.

A check was presented to Mr. Saunders, Hospital Administrator, by Mrs. Baker, in the amount of \$1,750.00 for a Thermo Cart. Mrs. Abby Zumph announced that a tentative date has been set for the Hospital Dedication, which will be June 20th, at 2:00 p. m.

Guests present for this meeting were: Mrs. Jackie Carter, and Mr. E. F. Saunders. Mrs. Carter gave a talk on services that could be performed by the Pink Ladies.

Glades Livestock Market Report

Cattle prices were steady to stronger at Monday's livestock sale, according to market manager, Pete Clemmons. Stocker classes showed most strength, with slaughter classes being mostly steady.

Cattle going through the ring at this week's sale numbered 590 head, for a total of \$48,090.44, with 40 percent of these going to slaughter and 55 percent for stockers.

Going for slaughter: Steers 16; Heifers 8; Cows 78; Bulls 9; Calves 62; Vealers 32. Going for Stocker: Steers 124; Heifers 21; Cows 98; Bulls 29; Calves 117. 34 percent of the run was cows — 40 percent of these were slaughtered.
